Dear Mr. Mortensen:

We have received and reviewed your amended notice dated July 11, 1993. We have no problems with your amendment. We reiterate that the area just north of the newly added stockpile adjacent to the access road will have to be inventoried for threatened or endangered plants before any further surface disturbance can occur in that area. The area which needs to be inventoried is shown in green cross-hatching on the enclosed map.

Sincerely,

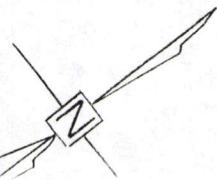

PENELOPE J. SMALLEY
